Our Manhattan model is a contemporary infusion of high style glamour with a dash of whimsy. Upon entering your own private elevator lobby, you immerse yourself in an array of vibrant shades of plum, accented with touches of silver. Through the double doors, you're greeted with opulence and understated finesse. A balance of woods, textures and glass lead out to a breathtaking panoramic view of the Caloosahatchee River and downtown Fort Myers. Bold, vibrant colors paired with lush fabrics envelope you throughout this remarkable residence. The connection between the water views, cityscape and dramatic décor provide the ultimate living experience.
